100% Premium Natural Rubber

- ⚡ Default rubber for all our Wiper Blade products for a premium quality
- ⚡ Formulation consists of 100% Premium Natural Rubber, no mixtures with other rubber types
- ⚡ Made using Grade A rubber sourced from Thailand and tested for 500,000 wiping cycles

Nano-graphite Coating

- ⚡ Reduces friction and noise between the wiper rubber and windshield to prolong life of wiper rubber

High Durable Metallic Structure (frame & spine)

- ⚡ More premium feel while ensuring high durability and tested for 15,000,000 wiping cycles
- ⚡ Corrosion resistant coating applied using Electrostatic technology for even application

Sleek and Modern Design

- ⚡ FLAT Wiper Blades employ a single piece design with no end cap for a unique design

Slim Multi-function Adapter Base

- ⚡ Employed on the FLAT and REAR Wiper Blades, the shorter design improves outward visibility while increasing vehicle coverage with the ability to swap adapter modules

Reduce Adapter Wastage

- ⚡ Unique M3 multi-adapter for FLAT Wiper Blades reduces the need to pack multiple adapters into the packaging, while providing high vehicle coverage

Wiper Blades Lifespan and Replacement

- Wiper Blades typically last **between 6 months to 1 year**.

The lifespan of a wiper blade depends a lot on:

1 Usage

2 Weather Conditions

3 Blade Material and Quality

Wiper Blades that require changing typically will exhibit the following when in operation:

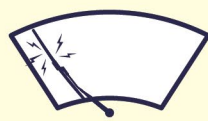

Streaking

Cracked and hardened rubber leaves bands of water

Chattering

Rubber develops a set or curve that causes blade to skip and vibrate

Squeaking

Rubber does not move quietly across the glass

Split Rubber

Age or physical damage that results in unwiped areas

Smearing

Age or physical damage that results in unwiped areas

AISIN Wiper Blade **FLAT**

AISIN Flat Wiper Blades utilise beam blade technology to reduce the size of the wiper while ensuring a cleaner wipe to provide driver's with a clearer view of the road ahead.

Unique Selling Points (USP)

◆ Spoiler

Improves airflow and prevents Wiper from lifting at high speeds

◆ Beam Blade Technology

Reduces height and improves visibility, allows for more flexibility and even contact points

◆ Multifunction Adaptor Base

Allows for greater coverage of vehicles

◆ Slim and Modern Design

Improves forward visibility while enhancing look of the car

◆ Size and Measurement

Inches	14	15	16	17	18	19	20	21	22	24	26	28
mm	350	380	400	430	450	480	510	530	550	600	650	700

FLAT WIPER BLADES WITH MULTI-ADAPTORS

Flat wiper blades come with M3 multi-adaptors that also fit multiple types of wiper arms, such as:

I&L /
Pinch Tab Wiper Arm

19mm PTB /
Push Button / Push Lock /
Pinch Tab Button /
Top Lock Wiper Arm

16mm Narrow PTB /
Push Button / Push Lock /
Pinch Tab Button /
Top Lock Wiper Arm

17mm & 22mm P&H /
Side Lock / Slide Pin
Wiper Arm

The M3 multi-adaptor can take the form of 4 different adaptors, giving it broad coverage.
